

SCANIA DRIVER EXPERIENCE

Putting you in the driving seat

scania.co.uk/learntodrive • 0844 800 9131

PCV Licence

Duration: Five days

Location: Avonmouth, Purfleet, Sheffield, Newbridge.

Suitable for: Anyone aged 18 or above who holds a full car (Cat B) licence, subject to medical requirements.

Introduction: The five-day course is to enable you to obtain your Full Cat D Licence; this Licence will allow you to drive rigid Buses and Coaches with either two or three axles. This is carried out in a full-size Scania Passenger Carrying Vehicle. Our aim is for you to attain a driving ability that exceeds the standard required to pass the DSA Driving Test.

Content: The areas covered throughout the five days will include Vehicle Safety, Use of Controls, Manoeuvring, Awareness and Planning and many other related topics. At the end of each day a debrief will take place on your progress so far. At some point during the first four days you will be mock tested in preparation for your DSA driving test.

Cost: Call us on **0844 800 9131** for this month's special offers.

If Scania Start Plus is purchased, your practical and theory test, medical and loan of literature will be free of charge.

If Scania Start Plus is not purchased, the trainee will organise/pay for practical and theory tests, medical and literature, (which would cost in excess of £300.00)

Content: A bus or coach driver is a highly skilled professional and today's driver needs to be able to do more than pass the driving test. Our other courses include Product Familiarisation, (which includes safety training), Advanced Driving Techniques; ABS/EBS, Fuel Efficient Driving, Driver CPC Training, Digital Tachograph, and Working Time Directive.
